

## MEMORANDUM

**TO: Colorado Transportation Finance and Implementation Panel**

**FROM: Jennifer Finch**

**DATE: May 7, 2007**

**SUBJECT: Summary of Regional and Statewide Visions for May 10 Meeting**

As you may be aware, each Transportation Planning Region around the state prepares a Regional Transportation Plan, which is integrated along with Transportation Commission policy into the Statewide Transportation Plan. To assist you in your deliberations, please find attached four (4) items:

- 1. Power Point Slides Summarizing the Statewide and Regional Planning Process.** This short power point presentation summarizing the transportation planning process in Colorado is provide to help those of you unfamiliar with transportation planning how decisions are made, and the opportunities for participation in the decision-making process.
- 2. A summary of the Visions and Goals expressed in the 2030 Statewide Plan and each of the individual Regional Transportation Plans.** These regional visions and objectives, as well as the visions, objectives and strategies expressed for each transportation corridor help determine the funding priorities for transportation funding across the state. More detail is available on the CD included with the Statewide Plan Document handed out at your last meeting.
- 3. CDOT Policy Directive 14 Vision, Mission, Investment Category Goals and Objectives.**
- 4. 2035 Planning Guidance.** This provides initial policy direction regarding emerging areas that should be considered in the 2035 update of the regional an the statewide transportation plans. This document has two imbedded attachments: A – Tolling; and B - Strategic Transit Projects (SB 1 - 10% for transit)
